To whom it may concern:

I have been using uber since November and have heard about the current allegations against it. Personally, I wanted to say that every Uber driver I've had has been polite and punctual. Each driver delivered me to my location safely and in a punctual manner. For the record, every driver has also been extremely friendly and has never made me feel like a burden. I just wanted to say that I believe Uber is an innovative ride sharing program for the Charleston area and should be kept in South Carolina. Thank you,

Alex

I do not agree with your decision to deny Uber the right to do business in our state. Please provide the rationale to deny Uber the right to offer their service.

I live in Greenville SC where safe cab options are scarce. I truly believe that Uber gives the under 30 crowd a safe alternative to drinking and driving which in turn keeps our whole community safer on the roads. Please allow Uber to continue to provide services to SC citizens.

Uber is popular amongst the younger generation, and it helps to keep drunk drivers off of the roads. It's quick and convenient, and I've always felt safer in an uber than I have in taxis.

Just my opinion,

Subject: uber decision

Dukes Scott and Staff:

I would like to go on record with my disappointment with your department's decision to hold South Carolina in last place yet again. Uber has been a God-send to Charleston and the Palmetto State.

Mr Scott, when you made the statement that you had held your position for 34 years... you made it clear that you are responsible for the pathetic public transportation options we have here now. You are seriously out dated!

When I decide to hire a car, I don't want to depend on a Monopoly run taxi service. I do not want to depend on riding in a used, ex-police car. I do not want to depend on waiting hours for a hired ride, only to have them not show up. I do not want to depend on Taxi services that refuse to answer or cancel rides during peak hours.

I have enjoyed knowing my rate and fare. I have enjoyed quick service, requested from my phone. I have enjoyed clean, cared for cars... driver owned cars. I have enjoyed available service at odd times. When I have been subjected to rate hikes, I had to agree to them previously to get the ride. I am safe and aware!

You and your department should be ashamed. Reverse your cease and desist order ASAP!

Thank you
Walt Davis
